OVERVIEW

What Tax Starter Is

Tax Starter is a focused study app for one exam: the Intuit Academy Tax Level 1 assessment, the entry point into Intuit's TurboTax Live tax-prep roles. It isn't a general tax course or a trivia app — every question, drill, and reference screen inside it maps back to that specific curriculum. If it's not on the exam, it's not in the app.

It runs on the same adaptive study engine used across the rest of the SafePrep exam-prep platform: rather than marching you through content in a fixed order, it tracks what you actually get wrong and pulls that back to the front, so study time goes toward the gaps that matter instead of material you've already got down.

Why It Works

Proven Engine

Runs on the same adaptive study engine that powers the SafePrep exam-prep platform — not a first attempt at this.

Adapts To You

Tracks what you get wrong and studies that first, instead of treating every question like you've never seen it.

No Subscription Games

One price, unlocked for good. No renewal reminders, no recurring charge to cancel later.

1

STEP 1 — GET ORIENTED

Welcome & Quick Setup

- Opens straight into what the exam covers and how the app is scoped — **300+ targeted questions** across **8 tax topics**, mapped directly to the Intuit Academy Tax Level 1 curriculum.
- No filler content: if a topic isn't tested on the real exam, it isn't in the app.
- Runs on the same adaptive engine used across the SafePrep platform, already proven on other certification exams.

Tax Starter:

We'll have you
exam-ready, faster

300+

targeted questions

8

tax topics covered

— oops. Didn't see you come in.

...Ahem — "Welcome to Tax Starter. We will prepare you for the Intuit Tax exam."

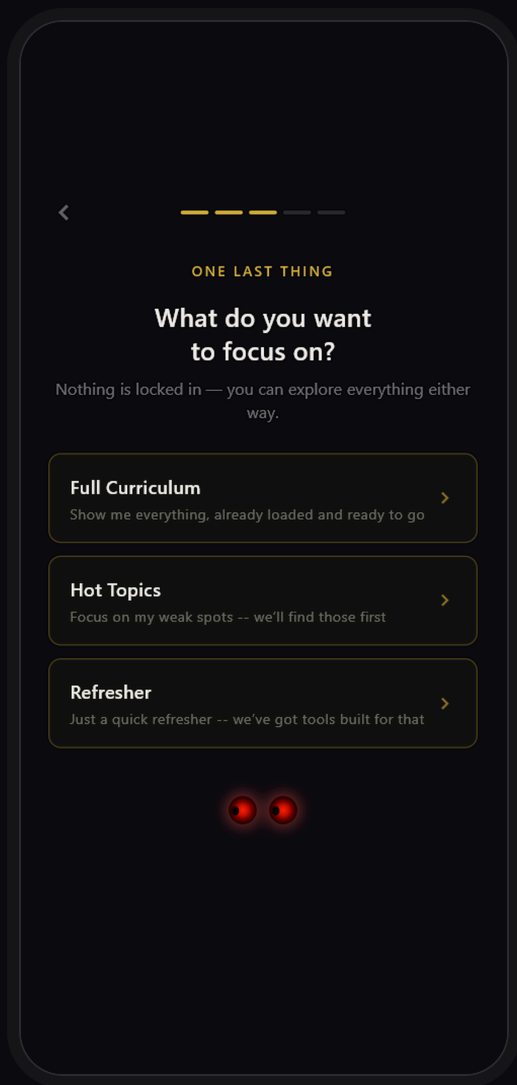

THE TAX STARTER SYSTEM

Powered by the same adaptive study engine used
across the Tax Starter platform.

Curriculum based on the Intuit Tax Academy Level 1
Curriculum.

If it's not on the test, it's not in here.

2

STEP 2 — SET YOUR FOCUS

Tell Us What You Need

- New users choose a starting point: **Full Curriculum** (everything, already loaded), **Hot Topics** (weak spots first), or **Refresher** (a quick review pass).
- Nothing is locked in — any path can explore the full question bank at any time.
- This choice feeds the adaptive engine's starting point; it adjusts from there based on actual performance, not just this one answer.

3

STEP 3 — SEE THE PLAN

Your Study Plan, Ready

- Summarizes the setup — exam timeline, preferred learning style, and focus area — with a one-tap way to adjust any of it later.
- Unlocks the full toolset from here: a **Personal Dashboard**, a **60-Second Trainer** for fast concept primers, **Personalized Quiz Sets** targeted at weak areas, the **full 217-question exam**, and unlimited randomized quizzes.

WHAT YOU'LL UNLOCK NEXT

-  **Personal Dashboard**
Your study hub — readiness score, progress, and what to focus on next.
-  **60-Second Trainer**
A fast primer that hits the core Tax concepts.
-  **Personalized Quiz Sets**
Adaptive questions based on your weak areas.
-  **Full 217-Question Exam**
A complete Intuit Tax-aligned simulation.
-  **Unlimited Randomized Quizzes**
No limits. No repeats unless you want them.

4

STEP 4 — TRACK MASTERY

Study Categories Dashboard

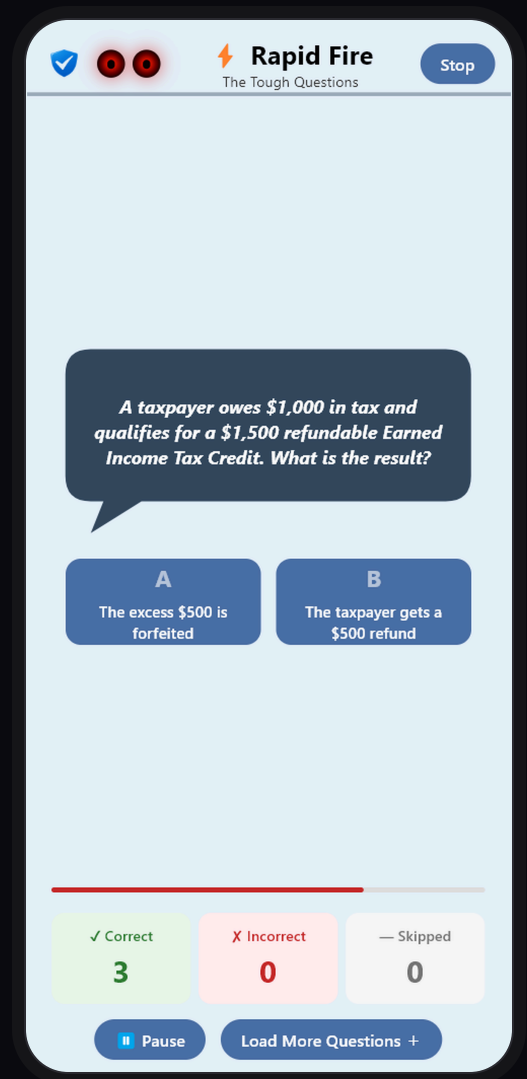

- All 8 topics are laid out with a live **mastery percentage** for each
 - Filing Basics, Income, Retirement Accounts, Adjustments to Income, HSAs, Deductions, Tax Credits, and Residency & Multi-State Filing.
- One tap on any category jumps straight into a study session focused on just that topic.
- This is the screen most people check first — it's the honest answer to "am I actually ready."

5

STEP 5 — DRILL THE HARD STUFF

Rapid Fire Mode

- Timed drilling on the toughest questions in the bank — built for the last stretch before exam day, not for first-pass learning.
- A running tally of correct, incorrect, and skipped keeps the session honest in real time.
- Sessions can be paused and resumed, or extended on demand with “Load More Questions.”

Tax  Starter:

Glossary of Terms

Quick definitions for the terms you'll see throughout the app and on the exam, grouped by category.

Forms & Schedules

Form 1040 — The main federal individual income tax return — everything else ultimately feeds into it.

Schedule 1 — Reports additional income (like unemployment or business income) and adjustments to income (like student loan interest or an IRA deduction). Additional income totals on Schedule 1, line 10, flow to Form 1040, line 8; adjustments total on line 26 flow to Form 1040, line 10.

Schedule 2 — Reports additional taxes owed beyond the regular tax calculation, such as self-employment tax. Line 3 (like the alternative minimum tax) flows to Form 1040, line 17; line 21 (including self-employment tax) flows to Form 1040, line 23.

Schedule 3 — Reports additional credits and payments not entered directly on Form 1040, like education credits or estimated tax payments. Nonrefundable credits on line 8 flow to Form 1040, line 20; other payments and refundable credits on line 15 flow to Form 1040, line 31.

Schedule A — Used to itemize deductions instead of taking the standard deduction. The total on Schedule A, line 17, carries to Form 1040, line 12e.

Schedule B — Reports interest and dividend income over the IRS threshold that requires it to be itemized. That interest and dividend income feed Form 1040, lines 2b and 3b.

Schedule C — Reports profit or loss from a sole proprietorship or self-employment activity. Net profit or loss carries to Schedule 1, line 3, which flows into Form 1040, line 8.

6

STEP 6 — LOOK THINGS UP

Glossary of Terms

- A built-in, plain-English reference for every form and schedule that shows up on the exam — Form 1040 and Schedules 1, 2, 3, A, B, C, and more.
- Each entry explains not just what the form is, but exactly which line flows into which other form — the part most guides skip.
- Organized by category so it works as a quick lookup during study, not just a wall of definitions.

CURRICULUM

8 Core Topics

Every question in the bank is tagged to one of these — the same eight areas the Study Categories dashboard tracks mastery on — so you always know exactly where you stand.

Filing Basics & Dependents

Income

Adjustments to Income

Deductions

Retirement Accounts & Distributions

Health Savings Accounts

Tax Credits & Calculations

Residency & Multi-State Filing

What Makes It Different

Built By Someone Who Took The Course

Not outsourced content — built by taking the real, free Intuit Academy Tax Level 1 course firsthand, then building the study tool that was missing along the way.

Adaptive, Not Linear

The engine studies your weak spots first instead of forcing everyone through the same fixed order.

One-Time Purchase

No subscription. Unlock once, keep the app as a reference for as long as you want it.

Interview Prep, Too

A dedicated mode for practicing the kind of reasoning-out-loud questions TurboTax Live's hiring interview actually tests.

GET STARTED

Everything You Get

- ✓ 217-question exam bank built around the real Intuit Academy Tax Level 1 curriculum
- ✓ Adaptive study engine that studies your weak spots first
- ✓ Study Categories dashboard with live mastery tracking across 8 topics
- ✓ Rapid Fire mode for timed drilling on the toughest questions
- ✓ Built-in glossary of every form and schedule you'll see on the exam
- ✓ One-time purchase — lifetime access, no renewals
